2. DIVIDEND

In view of the loss, management does not propose any dividend for the F.Y. 2019-2020.

3. REVIEW OF OPERATIONS

The operations for the year under review shows a loss of Rs. 1660855/-. During the year under review, the manufacturing sales have not been much improved. This is mainly attributed to overall economic slowdown in the Country. Your directors are hopeful of achieving a steady growth in sales and job work activity and resultant net margin in the years to follow.

4. RESERVES

There is no creation of reserves in the F.Y. 2019-2020.

5. TRANSFER OF UNCLAIMED DIVIDEND TO INVESTOR EDUCATION AND PROTECTION FUND

The provisions of Section 125(2) of the Companies Act, 2013 do not apply as there was no amount required to be transferred to Investor Education & Protection Fund.

6. SHARE CAPITAL

During the year under review, there is no change in the Authorized and paid up share capital of the Company.

BUY BACK OF SECURITIES

The Company has not bought back any of its securities during the year under review.

No Bonus Shares were issued during the year under review.

EMPLOYEES STOCK OPTION PLAN

The Company has not provided any Stock Option Scheme to the employees.

7. MATERIAL CHANGES

No material changes and commitments affecting the financial position of the Company occurred between the ends of the financial year to which this financial statement relate on the date of this report.

8. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

(A) Conservation of energy:

Steps taken / impact on conservation of energy, with special reference to the following:

During the year under review, there were no activities, which required heavy consumption of energy. However adequate measures have been taken to make sure that there is no wastage of energy. Since the requisite information with regard to the conservation of energy, technology absorption (Disclosure of Particulars in the report of Board of Directors) Rules are irrelevant/not applicable to the Company during the year under review, the same are not reported.

(B) Technology absorption:

Since no significant business has generated from manufacturing activities, the company will review technology absorption gradually upon achieving significant manufacturing activities.

(C) Foreign Exchange Earnings and Outgo:

Particulars	2019-2020	2018-2019
Foreign Exchange earned in terms of actual inflows during the year (On F.O.B Basis)	NIL	NIL
Foreign Exchange outgo during the year in terms of actual outflows	NIL	NIL

9. RISK MANAGEMENT

The Company has framed a sound Risk Management Policy to identify and evaluate business risks and opportunities and the same has become integral part of Company's day to day operations. The key business risks identified by the Company are as follows viz. Industry Risk, Management and Operations Risk, Market Risk, Government Policy Risk, Liquidity Risk, and Systems Risk etc. The Company has in place adequate mitigation plans for the aforesaid risks.

10. CORPORATE SOCIAL RESPONSIBILITY INITIATIVES

Since the Company's net worth does not exceed Rs. 500 crores or Company's turnover does not exceeds Rs. 1000 crores or the Company's net profit does not exceed Rs. 5 crore for any financial year, the provisions of section 135 of the Companies Act, 2013 are not applicable.

11. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS MADE UNDER SECTION 186 OF THE COMPANIES ACT, 2013

There were no loans, guarantees or investments made by the Company under Section 186 of the Companies Act, 2013 during the year under review and hence the furnishing above information is not applicable.

12. RELATED PARTY TRANSACTIONS

Overall review, Industry Structure and Developments

As mentioned in the Directors report, your Directors are hopeful of achieving a steady growth in sales and job work activity and resultant net margin in the years to follow. In the current scenario the Board believed that Indian market will offers the opportunities for the revival of the product.

Opportunities and Threat

The opportunities in the domestic market are large though at the moment it is also affected by the economic scenario the world over. But we believe it is a passing phase and the recovery will start soon. By the time the Company launches its plans it is expected that the economic recovery would be well on its way.

Segment wise Performance

The Company does not have multiple products / segments

Out look

The Board is positive on the future outlook of the company and is examining various business options.

Internal control System

Company at present has internal control procedures, which is commensurate with the present requirements. Internal controls are being monitored, reviewed and upgraded on an ongoing basis.

Human relations

The Board is keen to have a fully equipped HR Department, once the activity is started in a big way. During the year under review, the activities were in a minimal scale and manpower utilization was meager and so there was no need for such a department.

Caution

The views expressed in the Management Discussions and Analysis are based on available information, assessments and judgment. They are subject to alterations. The Company's actual performance may differ due to national or international ramifications, government regulations, policies, Tax Laws, and other unforeseen factors over which the Company may not have any control.

No strictures or penalties have been imposed on the Company by the Stock Exchanges or by the Securities and Exchange Board of India (SEBI) or by any statutory authority on any matters related to capital markets during the last three years.

(iii) Whistle Blower Policy / Vigil Mechanism

The Company has designed Whistle Blower Policy / Vigil Mechanism to enable any person dealing with the Company to raise the alarm to the Audit Committee of the Company if he has reliable information about a malpractice, unethical practice, impropriety, abuse or financial wrongdoing. The disclosure will be thoroughly investigated by the Committee. The members of the Committee may seek information from any sources inside and outside the organization to investigate this, as deemed fit.

INDEPENDENT AUDITOR'S REPORT**To the Members of Towa Sokki Limited****Report on the Audit of the Financial Statements****Opinion**

We have audited the accompanying financial statements of Towa Sokki Limited ("the Company"), which comprise the balance sheet as at March 31, 2020, the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical independent responsibilities in accordance with these requirements and the ICAI Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no other key audit matters to be communicated in our report.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management discussion and analysis, Board Report including annexures to Board report, Corporate Governance Report and shareholder information etc. but does not include the financial statements and our auditors' report thereon. The other information is expected to be made available to us after the date of this Audit report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

On account of Covid-19 related lockdown restrictions, Management of the company was not able to perform the year end physical verification of inventories.

Consequently, we have performed alternative audit procedures to audit existence of inventory as per guidance provided by SA-501 "Audit Evidence- Specific consideration to selected items" which includes subsequent physical counts/cyclical counts performed by the management, roll forward procedures and have obtained sufficient audit evidence.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, remuneration has been paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigation requiring disclosure of impact of its financial position in its financial statements
 - ii. There are no foreseeable loss on long term contracts including derivative contracts requiring provision under applicable laws or Accounting Standards.
 - iii. There are no amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE - B TO THE AUDITORS' REPORT

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of Towa Sokki Limited ("the Company") as of 31st March, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are

being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1.2 Basis of Preparation

The financial statements of the company are consistently prepared and presented under historical cost conversion on an accrual basis in accordance with Ind AS except for certain financial assets and liabilities that are measured at fair values.

The company's functional currency and presentation currency is Indian Rupees (INR). All amounts disclosed in the financial statements and notes have been rounded off to the nearest Rupees, except otherwise indicated.

Classification of Assets and Liabilities into current and Non- Current

The Company presents its assets and liabilities in the Balance Sheet based on current / non-current classification.

As asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when :

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle being a period within twelve months for the purpose of current and non-current classification of assets and liabilities.

1.3 Use of judgements, estimates and assumptions

The preparation of the company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment in the future periods in the carrying amount of assets or liabilities affected.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

In the company's accounting policies, management has made judgements in respect of evaluation of recoverability of deferred tax assets, which has the most significant effect on the amounts recognised in the financial statements:

The following are the key assumptions concerning the future, and the key sources of estimation, uncertainty at the end of reporting period that may have a significant risk of causing a material adjustment to the carrying amount of assets & liabilities within:

Estimation of uncertainty related to Global Health Pandemic from COVID-19

The Company has considered the possible effects that may result from pandemic relating to COVID-19 on the carrying amount of financial assets including Trade Receivables. In developing the assumptions relating to the possible future uncertainties in global economic conditions because of the pandemic, the Company as at the date of approval of these financial statement has used internal and external source of information, on the expected future performance of the company and based on estimates the company expects that the carrying amount of financial assets will be recovered and the company do not expect any significant impact of COVID-19 on the company's financial statement as at the date of approval of these Financial Statements.

a) Useful life of property, plant and equipment and intangible assets: The company has estimated useful life of Property, Plant and Equipment as specified in Schedule II to Companies Act 2013. However, the actual useful life for individual equipments could turn out to be different, there could be technology changes, breakdown, unexpected failure leading to impairment or complete discard. Alternatively, the equipment may continue to provide useful service well beyond the useful life assumed.

b) Fair value measurement of financial instruments: When the fair values of financial assets and financial liabilities cannot be measured based on quoted process in active market, the fair value is measured using valuation techniques including book value, the discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not possible, a degree of judgement is required in establishing fair values.

c) Impairment of financial and non-financial assets: The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the input for the impairment calculations, based on Company's past history, existing market conditions, technology, economic developments as well as forward looking estimates at the end of each reporting period.

d) Taxes: Taxes have been paid / provided, exemptions availed, allowances considered etc. are based on the extant laws and the company's interpretation of the same based on the legal advice received, wherever required. These could differ in the view taken by the authorities, clarifications issued subsequently by the government and court, amendments to statutes by the government etc.

e) Contingencies: A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. However, the actual liability could be considerably different.

1.4 Property, Plant and Equipment

Freehold land is carried at historical cost. All other property, plant and equipment are stated at cost, net of recoverable taxes, trade discounts and rebates less accumulated depreciation and impairment loss, if any. The cost of tangible assets comprises its purchase price, borrowing cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, initial estimation of any decommissioning obligations and finance cost.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

When significant parts of the Property, Plant and Equipment are required to be replaced at interval, the company derecognises the replaced part, and recognises the new part with its own associated useful life and depreciated accordingly. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the Statement of Profit and Loss as incurred.

Cost of Software directly identified with hardware is recognised along with the cost of hardware.

Stores and spares which meet the definition of Property, Plant and Equipment and satisfy recognition criteria of Ind AS 16 are capitalised as Property, Plant and Equipment

An item of Property, Plant and Equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit and Loss when the asset is derecognised.

Capital Work-in-progress includes cost of Property, Plant and Equipment which are not ready for their intended use.

The residual values and useful lives of Property, Plant and Equipment are reviewed at each financial year end, and changes, if any, are accounted prospectively.

Depreciation on Property, Plant and Equipment is provided over the useful life of assets as specified in Schedule II to the Companies Act, 2013 using straight line method. Property, Plant and Equipment which are added / disposed off during the year, depreciation is provided on pro rata basis with reference to the month of addition / deletion.

In line with the provisions of Schedule II of the Companies Act 2013, the Company depreciates significant components of the main asset (which have different useful lives as compared to the main asset) based on the individual useful life of those components. Useful life for such components has been assessed based on the historical experience and internal technical inputs.

1.5 Intangible Assets

Intangible Assets are recognised only if they are separately identifiable and the Company expects to receive future economic benefits arising out of them. Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation / depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use.

Intangible assets with finite lives are amortised on straight line basis over their useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at each year end. The amortised expense on intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss.

The useful lives of intangible assets are assessed as either finite or indefinite.

Gains or losses arising from derecognition of an intangible asset are recognised in the Statement of Profit and Loss when the asset is derecognised.

Intangible assets with indefinite useful lives, are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis. The impairment loss on intangible assets with indefinite life is recognised in the Statement of Profit and Loss.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020**1.6 Impairment of Non-Financial assets**

At each Balance Sheet date, the Company assesses whether there is an indication that an asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

1.7 Inventories

Inventories are valued as under:

Raw materials, packing material, stores and spares are valued at lower of cost (on a weighted average basis) and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above manufacturing cost.

Stock in process is valued at lower of cost (on a weighted average basis) and net realisable value.

Finished goods (including in transit) are valued at cost (on a weighted average basis) or net realisable value whichever is lower. Cost for this purpose includes direct materials, direct labour utilities, other variable direct costs and manufacturing overheads, based on the normal operating capacity and depreciation.

1.8 Cash and cash Equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

For the purpose of statement of cashflows, cash and cash equivalents consist of cash and short-term deposits as defined above, net of outstanding bank overdrafts as they are considered as an integral part of the Company's cash management.

Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Bank Balances other than above

Dividend escrow account balances, deposits with banks as margin money for guarantees issued by the banks, deposits kept as security deposits for statutory authorities are accounted as bank balances other than Cash and Cash equivalents and includes interest accrued.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020**1.9 Non-current Assets Held for Sale**

Non-current assets classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Non-current assets are classified as held for sale if their carrying amounts will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets.

Property, plant and equipment and intangible assets are not depreciated or amortized once classified as held for sale.

1.10 Financial Instruments

A Financial instrument is any contract that gives rise to a Financial asset of one entity and a Financial liability or equity instrument of another entity.

A. Financial Assets:**(i) Classification:**

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income, or fair value through profit and loss on the basis of its business model for managing the financial asset and the contractual cash flow characteristics of the financial asset.

(ii) Initial recognition and measurement

All Financial assets are recognised initially at fair value plus. In the case of financial assets not recognised at fair value through profit and loss, transaction costs that are attributable to the acquisition of the Financial asset.

(iii) Financial assets measured at amortised cost:

Financial assets are subsequently measured at amortised cost using effective interest rate method (EIR), if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. The losses arising from the impairment are recognised in the Statement of Profit and Loss.

(iv) Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms give rise to cash flows that are solely payments of principal and interest on the principal outstanding.

(v) Financial assets measured at fair value through profit and loss

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in profit and loss.

(vi) Derecognition of financial assets

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

A. Impairment of Financial Assets

In accordance with Ind-AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition

B. Financial Liabilities**(i) Classification**

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit and loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

(ii) Initial recognition and measurement

All financial liabilities are recognised initially at fair value. In the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

(iii) Subsequent measurement

All financial liabilities are re-measured at fair value through statement of profit and loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through statement of profit and loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

(iv) Loans and borrowings

Interest bearing loans and borrowings are subsequently measured at amortised cost using effective interest rate (EIR) method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised as well as through EIR amortisation process. The EIR amortisation is included as finance cost in the Statement of Profit and Loss.

(v) Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or canceled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

(vi) Derivative financial instruments

The Company uses derivative financial instruments such as forward currency contracts and options to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. The gain or loss in the fair values is taken to Statement of Profit and Loss at the end of every period. Profit or loss on cancellations / renewals of forward contracts and options are recognised as income or expense during the period.

C. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

1.11 Fair value measurement

The Company measures certain financial assets and financial liabilities including derivatives and defined benefit plans at fair value.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability; or

In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

1.12 Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

1.13 Provisions, Contingent liabilities, Contingent Assets

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the changes in the provision due to the passage of time are recognised as a finance cost.

Contingent liabilities are disclosed in the case of :

a present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;

a present obligation arising from the past events, when no reliable estimate is possible;

a possible obligation arising from past events, unless the probability of outflow of resources is remote.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefit is probable.

1.14 Employee Benefits**A. Short Term Benefits – Provident Fund**

Short Term Benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss of the period in which the related service is rendered.

Payment to defined contribution retirement benefit plans are recognised as an expense when employees have rendered the services entitling them to the contribution. As the number of employees in the company are below threshold limit for provident fund registration, provident fund is not applicable in the company.

B. Post Employment benefits – Gratuity (Unfunded)

There are only 2 employees of the company, for which the company accounts for post employment benefit obligations on accrual basis, accordingly, disclosures as per IND AS -19 " Employee Benefits" are not given. The company has not taken any defined benefit plan.

1.15 Segment Information

The Company operates in one operating segment namely "Survey Instruments" and is considered as operating Segment in accordance with IND AS 108.

1.16 Revenue Recognition**Sale of Goods**

The Company derives revenue from sale of manufactured goods and traded goods. In accordance with Ind AS 115, the company recognise revenue from sale of products at a time when performance obligation is satisfied and upon transfer of control of promised products to customer in an amount that reflects the consideration the company expect to receive in exchange for their products. The company disaggregates the revenue based on nature of products / Geography.

Dividend Income

Dividend income is recognised when the right to receive is established and there is a reasonable certainty of its collection.

Interest Income

Interest income is recognised using the effective interest rate method (EIR). The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instruments (for example, prepayment, extension, call and similar options) but does not consider the expected credit loss.

Insurance Income

Income in respect of insurance claims are recognised on acceptance basis or when there is reasonable certainty that the ultimate collection will be made.

Others

Income in respect of other claims and commissions are measured at fair value and recognised when there is reasonable certainty that the ultimate collection will be made.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020**1.17 Taxes on Income**

Income Tax expenses comprise current tax expenses and the net change in the deferred tax asset or liabilities during the year. Current and Deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

Current Tax

The Company provides current tax based on the provisions of the Income Tax Act, 1961 applicable to the Company.

Deferred Tax

Deferred tax is recognised using the Balance Sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority

1.18 Earnings per Share

Basic earnings per share are calculated by dividing the profit after tax or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. In case there are any dilutive securities during the period presented, the impact of the same is given to arrive at diluted earnings per share.

1.19 Foreign exchange transactions

Foreign currency transactions are accounted for at the exchange rate prevailing on the date of the transaction. All monetary foreign currency assets and liabilities are converted at the exchange rates prevailing at the reporting date. All exchange differences arising on translation of monetary items are dealt with in the Statement of Profit and Loss.

NOTE: 22 FINANCIAL RISK MANAGEMENT

The company's activities expose it to a variety of financial risks: interest rate risk, credit risk and liquidity risk. The company's overall risk management strategy seeks to minimise adverse effects from the unpredictability of financial markets on the company's financial performance.

Interest rate risk

Interest rate risk primarily arises from floating rate borrowings. The Company do not have any borrowings, hence the management of the company considers interest rate risk as immaterial.

Credit risk

Credit risk is the risk of financial loss to the company, if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables. The company has made provision for expected credit loss (ECL) for Rs. 272454 as at 31.03.2020. Credit risk from cash and cash equivalents, bank deposits are considered as immaterial in view of credit worthiness of the bank the company works with. The company has specific policies for managing customer credit risk an on-going basis.

Financial assets are written off when there is no reasonable expectation of its recovery.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

COVID-19 The Company do not envisage any financial difficulties resulting in additional credit risks higher than usual credit terms due to COVID-19 outbreak.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The Company's finance department is responsible for fund management. In addition, processes and policies related to such risks are overseen by senior management.

Particulars	31st March, 2020	31st March, 2019
Cash, Cash Equivalent & Bank Balances (Note 6 and 7)	12690117	13602879
Total	12690117	13602879

The Company is debt free and has adequate liquidity to meet any exigencies. It is therefore considered adequate by the management that the company is not exposed to any kind of liquidity risk.

Capital Risk Management

The Company's capital risk management policy objective is to ensure that at all times, it remains a going concern and safeguard the interest of its shareholders and other stakeholders.
